Channeled messages from Coeus, God of Intellect

Please READ THEM IN ORDER. You might want to read each one a couple times; it helps. Coeus has a huge vocabulary and is **very** selective of his words. So, *when you hear a video of channeled messages, you will NEVER hear "uh," etc. These entities do NOT make errors in their words. They do not "grasp" at words. That is how you know that they are authentic as delivered.*

.pdf files are available under the dates per channeled message.

coeus, God of Intellect — (12/24/17)

This is just one of MANY channeled messages from Coeus, God of Intellect. The remainder are at <http://www.theinterdimensionaltraveler.com>.

Before going to bed on the night of the 23rd, I asked Coeus, God of Intellect, to elaborate on the different kinds of time. I've been hearing, reading, and experiencing unusual time events. They include; time slips, time slippage, and time shifts. Some of you might be feeling these as dizziness, confusion, déjà vu, delirium, etc.

As I was channeling this information, I almost deleted the message, prior to listening to it. It felt like everything was disjointed and useless. Thankfully, I decided to listen to it; because it's an amazing channeled message from Coeus.

As you read this channeled message, it's important to read my comments and relate them to the different forms of "time events." He's letting me "feel and see" time, so his truths get across more graphically. So basically, he's having me act them out while receiving his words of truths. It's actually pretty funny.

(D) *We were talking about time.*

It is there.

Time hurries no one, for indeed it is a fortuitous foe within the constructs of the human mind.

Ego's play in the fabric of time; consequently, leave it alone.

For time eludes me. Exactly that; there is no time.

(D) LOL, I don't know if I'm in a time loop or what.

Mans fickle attempt at freedom should be discarded.

In your weakened state, you can't stay awake, for time waits for no one.

(D) I was starting to doze off. That was strange.

Apparently your ability to reside in a space...

(D) It's all garbled. That was weird.

...that doesn't exist for time, waits for no man or WomAn.

They say you want to know about time slippage.

(D) I hope that I have this right, I keep forgetting what you are saying.

Your arrogant species believes that time exists in a space; which is so small. Quantum physics entanglement theory states time is linear,...

(D) I'm not sure what that was, but I'm getting bombarded with those little light balls again. I don't know what that is.

...consequentially time's companion.

(D) I started to get that pain in my knee again and heard "transmute."

" I am the violet flame ... I am the light of God, shining every hour. Why would they use time in a prayer, it seems odd.

Flowers exist, but they know no time. Bees exist, but they know no flowers; but they are there. It's a fortuitous foe.

(D) I'm confused, because I've heard things before about time.

Time exists for those who make it, just like you create tiles; he creates servitude to a non-existent maker.

(D) OK, now I'm confused and lost.

You are experiencing time shifts.

(D) Coeus wants me explain what I was experiencing.

(D) I was delirious. It was like there is stuff all over the place, like you're searching for something all over; but you can't find it!

(D) He showed me a, "you're on the nose" by acting it out.

Time just doesn't matter. It exists in the hearts of those to find a space in the future without recompense.

(D) Obviously, I don't know what that means; sorry!

Time slippage occurs within the (?) of human-kinds need to hold onto something that is not there or exits. Let me further explain. Time and quantum physics is needed to get from point A to point B, without futile attempts to control something out there in a space that doesn't exist without time.

You asked.

(D) I asked him earlier to talk about all the

time stuff that people are talking about online; time shifts, merges, and slips.

The truths are hidden and waiting to be revealed.

(D) He's showing me having déjà vu yesterday; which really wasn't what it was; rather time slippage. So time does run concurrently?

Time runs concurrently in a state of flux energetically, so don't second guess me.

(D) I think that was a joke? Oh boy, this is very confusing.

This is for nature to take hold of.

(D) Sorry, I started thinking.

It exists in the now; not the moment. ? all there is the truths.

Experiments with time reveal hidden agendas to control the truths for time will be around long...

(D) Coeus is making his finger go around; long. I have to stop thinking.

...if hidden agendas exist simultaneously for long.

(D) I need a break, I think. My brain is trying to override my heart or control what you're telling me.

(D) That wasn't much of a break.

Truths exist; point taken.

(D) LOL He's grabbing me by my forehead where my 3rd eye is located. I can feel this pulsing.

Truths coincide with time...

(D) Did he say shifts or splits? LMAO

 **Let them in on the joke.**

(D) LOL, I thought he said, "shits."

(D) I don't know if this is another example, but I'm having a difficult "time" staying in my meditative space.

 **There you go, you returned to reality. Time splits occur when you least expect it; expect it!**

 **The m(?)na occurring in your reality will legitimately be receiving m(?)na.**

(D) Huh? (I have no idea what he said here; I was slurring my words on the recording.)

 **Conditions exist to make you think that time exists. It's like a trunk in a car. Eventually, you'll have to open it, and expose all the junk; the truths. It's an inevitable fact of existence.**

 **There, now you see how it comes in through the heart; one beat at a time.**

(D) You-are-correct-sir. I-see. OK. (I was saying each word to the beat of my heart.)

 **Otherwise your messages will be incorrectly received by the brains need to control.**

(D) Why am I hungry all of the sudden?

 **Hunger, thirst, and other bodily enjoyments, to which it controls lack at the present moment. Only patience goes the mind, to hear the heartbeat pulse out to the cosmos for answers, coinciding with a (?) set forth with cosmic rules/laws.**

(D) I was telling him that less verbose is

better for me. But then he said,.. What did you say?

We need to transcribe delicate information, for only those who otherwise don't know the truths that exist simultaneously. For things so small and unbeknownst to them, grammar is everything; except for the truths, those reign supreme.

Superfluous information is smaller than the point on a pin. (?) exists on a pin, mankind's need effectively throughout your current economic systems restructuring system.

Seeking a method to find something within the confines of ones self. "Self management skills." How's that?

(D) LOL, you're giving me brain trauma here.

And this is why you must listen closely to my words of truths. Flirtation diction shows the way, but the heart follows the truths...

(D) He's showing me a winding path.

...through the winding sense of knowing it all.

Your heart is pounding in your head. That will help you confine the truths in your heart. Relentless pursuits, plague mankind's ability to perceive what is known before it occurs.

(D) Hot, hot, hot! (I'm having massive hot flashing, with often happens in meditation.)

Natural selection, permits free-will to exist simultaneously in the truths. Knowingness exists to select; but is

known to be right; however, and it's a big however...

(D) He's stretching it out with his arms.

 ...long ago mankind wanted to experience a way to examine the truths exponentially, without thought. Its ugly reign of terror exists throughout humanities control systems, like a bead of honey. Its attraction exists, only to be perpetually pursued, by those seeking control over others.

 Free will should be abolished and the truths exposed for what they are; the truths. For within them, mankind speaks. No one hurts those who seek the truths.

 Because reigns of terror exists throughout societies control systems, like a thief in the night, they cut and slash their way through your beliefs, until only shreds remain; heaped in a pile...

(D) I'm getting a visual here.

 ...until (?) finds one in bits and pieces. For those are the truths that exist as I know it.

 You are showing signs of sleep deprivation.

(D) Big yawn.

 Too much of these nonsense's to explain, without being detrimental to your health.

 It's time to, (singing) go to bed sleepy head,

(D) He's singing me a lullaby.

...close your eyes...

(D) I was just thinking that my heart is pulsing through my head. You were saying it opens a clear channel. I can't remember exactly...without the interference of the brain.

Go to bed, sleepy head, you'll be up before you know it.

Slumbers fine, throughout time; as

you know it.
